

## FOR INTERVENTION

South American Republics  
Want Mexico Pacified.

They Believe U. S. Should Es-  
tablish Order at Once.

## SENATORS GIVE OPINIONS

Reed of Missouri Says Keep  
Troops Across Border.

J. Ham Lewis Favors Using  
Terrorizing Tactics.

Washington, May 9.—Senator Fletcher, Democrat, of Florida, just back from the South American tour with Secretary of the Treasury McAdoo, declared that Latin-America would approve intervention by the United States in Mexico.

"I found the people there believe the United States has been patient enough with Mexico," said Senator Fletcher. "Contrary to the common impression in this country, I do not believe interference in Mexico would hurt our Pan-American policy in the slightest. Many people here think if we intervene in Mexico it will stir up new hatred against us all over South America. But the Latin-American people are convinced by President Wilson's utterances and by our patience in dealing with the Mexican situation that we

have no selfish interest in Mexico and that if we go in there it will be for the Mexicans' own good. I found a great many of them of the opinion that order can never be restored until the United States does act decisively and that the day of hoping that a government of bandits can bring back constitutional peace in Mexico is past."

Other statements on the Mexican situation follow:  
Senator William E. Borah, Republican, of Idaho—"It must be apparent to any one at all familiar with the situation that Carranza cannot restore order in Mexico. He cannot establish a government, and what concerns us most, he cannot protect the border. We ought to put enough troops upon the border, to say nothing more, to make absolutely safe the lives of our own people."

Senator Lawrence F. Sherman, Republican, Illinois—"The situation is not any different than after the preceding raid at Columbus. Intervention is now as much as it has been necessary for a considerable period. The northern states of Mexico are a standing menace to life and property along the border of the United States. Then intervention to pacify Mexico is necessary, it should be in co-operation with the de facto government, if possible, if not then we should intervene anyway. We have more reason for intervention in Mexico than we had in Cuba in 1898."

J. Ham Lewis's Views.  
Senator J. Hamilton Lewis, Democrat, Illinois—"Hardly intervention now, but if these raids do not stop, the only course open to the United States is to seize Mexico for the good of humanity. Enough troops should be sent into Mexico now without further delay to terrorize the people thoroughly, so that they can be made to understand that every American death will mean death to a Mexican."

Senator James Wadsworth, Jr., Republican, of New York—"In view of the repeated atrocities, any thought of withdrawing our troops from Mexico is out of the question."

Senator Robert Owen, Democrat, Oklahoma—"I do not think intervention is justified at this time, but believe that if it is ultimately shown that the Mexican people are unable to establish a stable government, the United States would be justified in intervening."

Reed Against Withdrawal.  
Senator James A. Reed, Democrat, Missouri—"We should keep our troops in Mexico and send as many more as may be necessary in order to protect American life and property on both sides of the line."

Senator Miles Polinder, Republican, Washington—"Mexico never will be settled in Mexico until the United States takes some decisive and final action."

Senator James D. Phelan, Democrat, California—"We must establish order and stable government in Mexico, otherwise intervention will be inevitable later on in order to prevent foreign nations intervening at the close of the European war."

Senator Henry Ashurst, Democrat, Arizona—"The Mexicans will continue to invade the United States and murder American citizens as long as there are any American citizens left."

## SHE IS GETTING WELL

Mrs. Baird, Who Returned to Korea to Die, Is Recovering.

Mrs. Anna A. Baird, who left Topeka a few months ago for Korea expecting to die in the country where she had spent the greater part of her life as a missionary, is recovering rapidly. Although she left the United States, hardly expecting to reach Korea alive, she is no longer confined to her bed. According to a report received by her sister, Mrs. Robert B. Steele, 1834 College avenue, she will soon be completely recovered.

Her apparently serious condition was due to a radium treatment for cancer. Several years ago Mrs. Baird came to this country for radium treatment for cancer and was apparently cured. In the meantime a second cancer had started and last fall she returned again. Apparently the treatment was ineffective and she left the hospital in a serious condition. On her voyage back she sank into a stupor and landing in Japan was taken immediately to a hospital where she was joined by her husband, the Rev. John Baird, and her brother, the Rev. J. E. Baird. She remained there until she was taken to Korea after a short hospital treatment. Now it appears that her seeming illness was merely due to the effects of too severe a radium treatment. The cancer had been killed but the radium had injured her lungs and affected her sight and hearing. The effects of the treatment are steadily disappearing and she expects to be completely restored to health within a few weeks.

## FORESEE TERROR REIGN

Natives Friendly to Invaders Would Suffer If Troops Are Withdrawn.

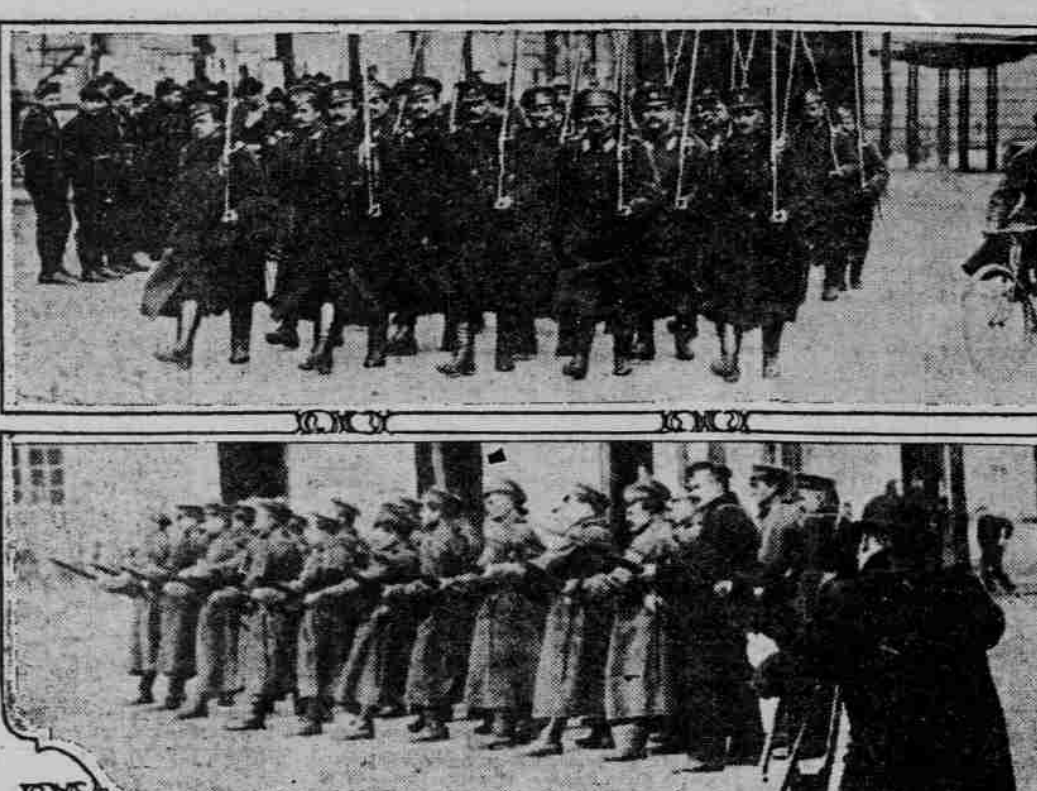

Headquarters of the American Expeditionary Force, Mexico, May 9.—(By wireless to Columbus, N. M.)—News of the contemplated gradual withdrawal of the expedition has in some mysterious manner reached the natives of this vicinity and is causing many great uneasiness. They are the Mexicans who have been furnishing stolen beef and other supplies to the expeditionary forces. A number came into camp today to ask whether the story of the withdrawal is true, and whether the Carranzistas and Villistas intend to inflict reprisals upon them. Americans, too, these Mexicans feared, are doomed to suffer the wrath of both Mexican factions for having brought supplies to the expedition. "The lutas" all look alike to the friendly natives; they make no distinction between the de facto forces and those of Pancho Villa. Robbery is their common aim, and the fear of a withdrawal of the expeditionary forces is a terror far surpassing the anarchy of the last five years.

## ORPET TRIAL MONDAY

Expect to Call 2,000 Veniemen in Lambert Murder Case.

Chicago, May 9.—No less than 2,000 veniemen, it is said, are expected to be called before a jury is selected to try Will H. Orpet, University of Wisconsin student, for the murder of Marian Lambert, the Lake Forest high school girl. The first batch of 235 veniemen were being served today with summons to appear in the Lake county district court at Waukegan next Monday. Judge Charles H. Donnelly of Woodstock will hear the case, preliminaries of which will begin on that day.

## FIRST AUTHENTIC PICTURES OF RUSSIAN TROOPS IN FRANCE

First pictures of Russian troops in France.

These pictures, which have just been received from France, prove true the reports that the detachment of Russian troops which arrived recently at Marseilles was not the first contingent of soldiers sent by the czar to the western front. It is known now that an advance allotment of two brigades of about ten thousand soldiers, arrived at Toulon from Dalny early in April. Every effort was made for a number of days to keep from the outside world any knowledge of their arrival. It was spread abroad that the ten thousand, who came in civilian dress and without equipment, were Serbian refugees who came from Durazzo and Scutari, Albania. For at least two weeks, however, these troops have been drilling in Russian uniform, and these pictures were the first of them to be taken.

## SLEEP ON TRAINS

Chicago Cannot Accommodate Convention Crowds.

Thousand Women Will Have to Camp in Park.

Chicago, May 9.—Owing to the holding here at one time in June of the Republican, Progressive and women's party conventions with their thousands of delegates, Chicago's housing facilities will be taxed to the utmost. Most of the delegates to the first two named conventions have been provided for by the local committees, but the women delegates, their visitors and the ones who will take part in the suffrage parade and demonstration, are finding it nearly impossible to secure the number of rooms required. Mrs. George Bass, chairman of hospitality for the suffrage parade announced yesterday that plans had been completed for the housing of all the women who may be attending the parade. The plan of taking 5,000 women to Milwaukee for the night after the parade has been abandoned because the railroads were unable to give a special rate. Mrs. Bass is now negotiating for sleeping places at widely scattered locations which will have to be used. The plan of taking 5,000 women to Milwaukee for the night after the parade has been abandoned because the railroads were unable to give a special rate. Mrs. Bass is now negotiating for sleeping places at widely scattered locations which will have to be used.

Camp in Grant Park.

"We shall probably have a camp in Grant Park which will house 1,000 women," Mrs. Bass said, "and 2,500 more will be able to get rooms in Chicago hotels. The women from the state and from Indiana and Wisconsin and Michigan will be asked to return home at night of the parade. It has been almost an impossibility to find places for the hundreds of women who are coming from further east, and west."

The special suffrage hat which will be worn in the parade will be placed on sale in 700 millinery shops on May 28 and will be made of white straw, partly covered with white moire and with a cockade of purple, white and gold.

## RENEWS MEX REQUEST

Ambassador Calls on Lansing; Again Pleads Withdrawal of Troops.

Washington, May 9.—Renewed request for the withdrawal of the American expedition from Mexico was to be made by Mexican Ambassador Arredondo at an engagement this afternoon with Secretary Lansing. It was assumed he might make his request even stronger than heretofore by reason of the reported threat of General Obregon to use Carranzistas forces against American troops if withdrawal is not accomplished at once.

## JARVIS SHOWS OPEN

Carnival Company Pitches Its Tents Opposite Garfield Park.

Under the direction of William B. Jarvis, former of Topeka, the Jarvis Carnival company shows Monday night opened a week's engagement at the Jarvis show, which is located on lots opposite Garfield park. Seven cars of paraphernalia and 152 persons are carried by the company whose shows include all of the attractions seen in a street fair. In addition to attractions carried last year, the Jarvis show this season has added six new features. They include a vaudeville show, the "Yukon," Professor George's Illinois show, Professor Ruhl's Trained Fleas, Helen Hatchford's Educated Horses, Leon W. Marshall's minstrel show and a merry-go-round. All of the paraphernalia of the early day amusement house is included in the "Yukon" show, which is patterned after last year's show. The old dance hall, the bar and all the

## LAUGH AT KANSAS

Well Known Georgia Lawyer  
Ridicules Our Censors.

Moving Picture Control Makes  
State Silly, He Says.

Kansas motion picture censors are helping to make the state ridiculous in the eyes of the nation, according to William B. Burch, a Macon, Ga., lawyer. In Topeka today Burch declared that the care which the movie censors exercise over the morals and passions of Kansas people is enough to make the world laugh.

Wide publicity has recently been given the action of the movie censors who followed instructions laid down by W. D. Ross, state superintendent and director of the censorship. "That the action of movie censors has tended to make the state ridiculous in the eyes of the outside world is the opinion of the Georgia lawyer. He declared that over-zealous politicians in charge of the movie censorship work exercised unnecessary presumption in determining whether a picture would injure the morals of Kansas."

Laughs at Us.  
Burch is a southern Democrat and attorney for a large insurance company. In Topeka today he talked about the Kansas censorship law and laughed at the fear which a political appeal board felt for the safety of the negroes when the "Birth of a Nation" picture was brought to this state.

"Your motion picture censorship will surely make your state ridiculous in the eyes of the outside world," said Burch in soft southern accents. "Why if the versions I have heard at random are true, it is the most silly thing officials who pass on the final showing of a picture rejected the 'Birth of a Nation' lest there might be race strife."

"Why do you know the picture houses in Georgia have shown the 'Birth of a Nation' for weeks and there hasn't been the least sign of trouble. Even our own 'niggers'—that was the worst word I heard—go to see the picture and they enjoy it, too."

Some Day—  
"But that isn't all, I understand your censors decide the moral standard for the state through a sort of proxy which they presume to hold for Kansas men and women. It is a mighty bad policy—one that will soon do enough to shape their own course and they will rebel against a political board that presumes to pass judgment for them that they may be protected from sin or evil suggestion."

Burch came to Topeka in connection with some insurance litigation now pending in the Kansas courts. Strong and determined Democrat that he is, Burch conceded that even Georgia may slip next fall in the general election. "I wouldn't be surprised to see three Republicans elected next fall from Georgia this year," said the Macon man. "The situation is due largely to local conditions, but I really believe that this year there will be a shake-up in my state."

All of the Georgia congressional delegation is at present Democratic.

## DEBATE ON CHANGES

Difference in Meaning of Words in Methodist Ritual.

Saratoga Springs, May 9.—Debate was resumed today by delegates to the general conference of the Methodist Episcopal church on proposed changes in the ritual of the church which have been submitted by special commission proposed four years ago. Discussion of the revision indicated that some opposition existed over the substitution of modern language for the terms used by John Wesley, who wrote the form of service when he organized the Methodist church in 1789.

This opposition is based largely on the use of the American revised version of the Bible instead of the authorized version in parts of the ritual where scriptural allusions are required. Those who have been in charge of the revision assert that many of the so-called archaic terms now imply a meaning different from that they conveyed 200 years ago.

Second, that he is to be entrusted with the important mission of bringing about an opening for peace negotiations between the United States and the hero of the famous "Kaiser crisis" of 1908. They are:

First, that Prince von Buelow is to take over the governmental reins of the empire by resuming his former office of imperial chancellor, succeeding Dr. von Seelmann-Hellweg to the Reichstag.

Second, that he is to be entrusted with the important mission of bringing about an opening for peace negotiations between the United States and the hero of the famous "Kaiser crisis" of 1908. They are:

Third, that he is to be entrusted with the important mission of bringing about an opening for peace negotiations between the United States and the hero of the famous "Kaiser crisis" of 1908. They are:

In connection with the latter theory, it is suggested also that the prince may go to Washington as German ambassador to the United States. It being pointed out in some quarters that Count von Bernstorff's position had become somewhat embarrassing during the long course of the submarine controversy and that this embarrassment has been considered in no little degree by the seizure of certain papers in the New York office of the secretary to Captain von Papen, the recalled German military attaché.

## TO HAVE PUBLIC TRIAL

Sir Roger Casement Will Be Arraigned in Police Court Tomorrow.

London, May 9.—The trial of Sir Roger Casement for high treason in connection with the Sinn Fein rebellion will be made public.

The hearing will be in Bow street police court tomorrow when the trial charge will be made before a police magistrate. The real trial will be held later before a panel of the judges of the high court of justice and a jury.

It is understood that Sir Roger intends to conduct his own defense. The crown prosecutors have completed their case. Lewis Harcourt has declined to succeed Augustine Birrell as chief secretary for Ireland, giving ill health as his reason.

Grand Jury Probes Riot.

Pittsburg, Pa., May 9.—An investigation into a riot in Braddock last Tuesday, which resulted in three persons being killed and a score injured was begun today by the Allegheny county grand jury. Nearly a dozen strike leaders are now in jail having been arrested on warrants issued by Coroner Jamison, charging them with murder as a result of the riot.

Just 2 dozen most attractive styles in Georgette Crepe, Crepe de Chine and Taffeta. Colors are maize, old rose, peach, orchid, Nile green and some stripes. Your choice this sale at, each, .....\$3.95

## Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff. For it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every sign and trace of it.

You will find, too, that all itching and burning of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is in every size and four ounces in all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

## YOU'LL GET RID OF BLACKHEADS SURE

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get about two ounces of plain powdered norexin from any drug store—sprinkle a little on a hot wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores, and do not get the blackheads out after they become hard. The powdered norexin and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.—Advertisement.
